National Informatics Centre
Tripura

This is to certify that "**Shri Abhishek Debnath**", a "3rd year (6th Semester) B Tech Electronics and Communication student" at "National Institute of Technology, Agartala, Tripura", has successfully completed a Summer Internship with us during the **2024-2025 session (from 24th May to 29th June)**.

During his internship, "Shri Abhishek" has worked on a project titled "Predictive Analysis", utilizing technologies like "Springboot, Java, Redis, Python & Postgres", specifically focusing on Microservices & Arima Model (AI).

Shri Abhishek has contributed to a reusable component that is now being used in our live "NIC Predictive Analysis" project.

His performance has been Excellent, and I recommend him for future assignment on AI Projects.
